

# **SCENARIO G: EVACUATIONS**

## **SCENARIO OBJECTIVES**

*The students will be able to:*

- SG.1 Develop an Incident Command System (ICS) organizational structure for a mass evacuation and move.*
  - SG.2 Develop incident safety message.*
  - SG.3 Develop an Incident Briefing.*
  - SG.4 Track patients using a Patient Tracking Form.*
  - SG.5 Use benchmarks to order and assign appropriate resources.*
-

**EVACUATIONS**

---

**APPLICATION/EVALUATION PLAN**

<b>Scenario Objectives</b>	<b>Course Component</b>	<b>Evaluated by</b>
Develop an Incident Command System (ICS) organizational structure for a mass evacuation and move.		
Develop incident safety message.		
Develop an Incident Briefing.		
Track patients using a Patient Tracking Form.		
Use benchmarks to order and assign appropriate resources.		

**INSTRUCTOR PREPARATION**

- Review:
  - Instructor Guide (IG) and notes.
  - PowerPoint slides.
- Make sure you have enough copies of all the materials in Scenario G: Restricted Materials for Distribution.

**METHODOLOGY**

This scenario uses lecture, discussion and group work.

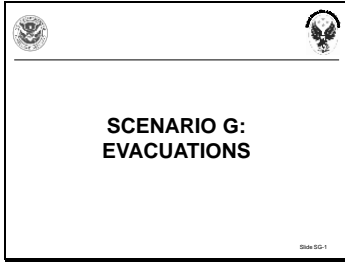

**(Total Time: 1 hr., 25 min.)**

85 min.	Lecture/Discussion/Group Work	
	Scenario Objectives	IG SG-5
55 min.	I. Scenario G: Evacuations	IG SG-5
20 min.	II. Reporting Out	IG SG-31
10 min.	III. Completing the Scenario	IG SG-31
	Appendix	
	Handouts	IG SG-33

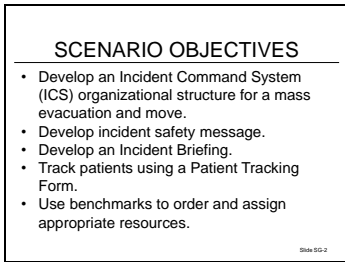

**AUDIOVISUAL**

Slides SG-1 to SG-10

Slide SG-1

Slide SG-2

Slide SG-3

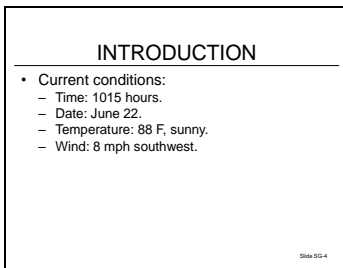

**I. SCENARIO G: EVACUATIONS (55 min.)**

A. Scenario roles and tasks.

1. In this scenario, you are the Bayport Emergency Medical Services (EMS) Chief, EMS 90.
2. In this scenario, you will develop/complete:
  - a. Incident Command System (ICS) Organizational Charts.
  - b. ICS Form 202 (Incident Objectives).
    - Given incident objectives, complete the safety message.
  - c. ICS Form 201 (Incident Briefing).
  - d. Student Response Checklist.

**Restricted Scenario G Background Information**

A remnant of a tropical storm has caused serious street flooding throughout Blue Water County. While the storm is expected to pass shortly, the flooding has been particularly intense in the city of Bayport. There was a power outage due to a transformer fire in the neighborhood of the Gilmore Nursing Home. The generator did not activate due to mechanical failure and poor maintenance, leaving the nursing home without power. Temperatures are expected to exceed 100 degrees this afternoon as the storm clears. It may be days before the damage can be fixed. The residents can't stay in the facility due to the heat and high humidity. An evacuation needs to occur quickly before the temperatures climb.

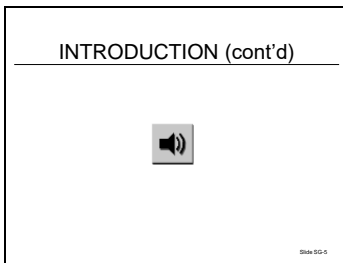

Slide SG-4

B. Introduction.

Current conditions:

1. Time: 1015 hours.
2. Date: June 22.
3. Temperature: 88 F, sunny.
4. Wind: 8 mph southwest.

Slide SG-5

**Play** the audio by selecting the icon on the slide.

The audio script is provided here for you to use in the event that the audio file does not function correctly.

**Restricted Scenario G Instructor Materials: Audio Script**

**Emergency Operations Center (EOC) (male):** This is the Liberty County EOC calling for Bayport Chief Carr.

**Chief Carr (male):** This is Chief Carr.

**EOC (male):** Chief Carr we are getting a request from the corporate CEO of Gilmore Nursing Corporation a Mr. J. Sinclair, the local power outage has affected them and their generator has failed. They are requesting emergency assistance. Mr. Sinclair indicated that they may need evacuation.

**Chief Carr (male):** I will contact our EMS chief to assess the situation. We can start planning for an Ambulance Strike Team and EMS Task Force for response with several handicapped-capable buses.

**EOC (male):** Understood. We'll start notifying the other agencies and place the resources on standby.

**Chief Winston (female):** Joanne Winston, how can I help you?

**Chief Carr (male):** Hi Chief Winston. This is Chief Carr. Can you get down to the Gilmore Nursing Home to assess the situation? Flooding and a power failure may require evacuation of that facility.

**Chief Winston (female):** Absolutely I'll check with the facility.

**Chief Carr (male):** Hi, Joanne.

**Chief Winston (female):** Hi Chief. I'm at the facility and the mechanics are here looking at the generator and a power surge when it went down has damaged the facility's power system and there is some water in the building. There is no life threat yet. However, the heat, humidity, and ongoing water damage inside the building will make it uninhabitable for most of the occupants. We'll need to move the patients.

**Chief Carr (male):** Joanne, I've got the EOC on the other line. Hold on a sec, and I'll conference everyone in. (Two second pause.) Everyone here?

**Chief Winston (female) + EOC (male):** Yes, sir.

**EOC (male):** Chief Carr, the power company is saying two days to replace the generator and, due to the storm, portable power systems are in short supply. We suggest that you move the occupants to other facilities.

**Chief Carr (male):** OK. Joanne. You're the IC, start putting a plan together. The EOC already has resources requested. Let's get this thing rolling.

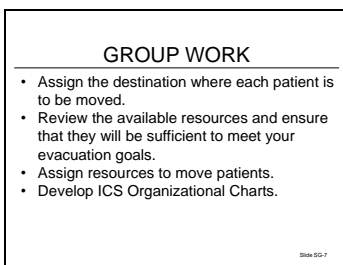

**Chief Winston (female):** Yes, sir ... (Fades out.)

C. On-scene.

A larger version of this image is available in the in the package of information provided after the Gilmore Nursing Home Preplan.

**Tell** the students that they can review the image from the on-scene arrival in their Student Manuals (SMs).

D. Group Work.

1. Assign the destination where each patient is to be moved.
2. Review the available resources and ensure that they will be sufficient to meet your evacuation goals.
3. Assign resources to move patients.
4. Develop ICS Organizational Charts.

---

## EVACUATIONS

---

**GROUP WORK (cont'd)**

- Develop the ICS Form 202 (Incident Objectives).
- Develop the ICS Form 201 (Incident Briefing).
- Total working time is 50 minutes.

Slide SG-8

Slide SG-8

5. Develop the ICS Form 202 (Incident Objectives).
6. Develop the ICS Form 201 (Incident Briefing).
7. Total working time is 50 minutes.

**Tell** the students to review the Scenario G: Student Instructions and background information in their SMs.

**REPORTING OUT**

- Groups describe their:
  - ICS Organizational Charts.
  - Resource assignments.
  - Rationale on where they moved patients.
- Groups describe their ICS 201.
- Remember, one group does full reporting out; other groups describe significant differences.
- Total working time is 20 minutes.

Slide SG-9

Slide SG-9

**II. REPORTING OUT (20 min.)**

- A. Groups describe their:
1. ICS Organizational Charts.
  2. Resource assignments.
  3. Rationale on where they moved patients.
- B. Groups describe their ICS Form 201.
- C. Remember, one group does full reporting out; other groups describe significant differences.
- D. Total working time is 20 minutes.

**Remember**, the students only have a total of five minutes for this reporting out.

**Choose** one group to report on the ICS Organizational Chart and resource assignments, and choose another group to report out on their ICS Form 201 (Incident Briefing).

**COMPLETING THE SCENARIO**

- Instructor provides Model Responses.
- Instructor answers questions.
- Students complete Student Response Checklist.
- Total working time is 10 minutes.

Slide SG-10

**Handout G-5**

**Scenario G: Student Response Checklist**

Instructions: Use this checklist to determine whether you met the objectives and requirements for this scenario.

Response Item		Yes	No
<b>1.</b>	<b>Incident Objectives and Planning</b>		
a.	Did your incident objectives include moving 89 patients from Gilmore to various other nursing homes?	<input type="checkbox"/>	<input type="checkbox"/>
b.	Did you look in the Central City profile to determine which nursing homes you could move your patients to?	<input type="checkbox"/>	<input type="checkbox"/>
c.	Did the majority of the patients get moved to various nursing homes within Liberty County?	<input type="checkbox"/>	<input type="checkbox"/>
d.	Did the remaining patients get placed in Bayport since it is closest to Gilmore Nursing Home?	<input type="checkbox"/>	<input type="checkbox"/>
e.	Did you take into account how to ensure that the communities that contributed resources had adequate EMS coverage?	<input type="checkbox"/>	<input type="checkbox"/>
f.	Did your safety message include items such as:		
i.	Ensuring that all patients are seatbelted?	<input type="checkbox"/>	<input type="checkbox"/>
ii.	Ensuring that all gurneys are handled by two people at all times?	<input type="checkbox"/>	<input type="checkbox"/>
g.	Did your ICS Organizational structure reflect the structure of the Model Response?	<input type="checkbox"/>	<input type="checkbox"/>
h.	Did you break out the Divisions based on proximity, where:		
i.	Bayport is a Division (all patients going to Oceanside)?	<input type="checkbox"/>	<input type="checkbox"/>
ii.	Created a Branch (with Divisions under it) for the nursing homes in and around Central City?	<input type="checkbox"/>	<input type="checkbox"/>
i.	Did the way you divided up your resources reflect how the resources were divided in the Model Responses? (Remember, there are multiple correct ways to assign the resources.)	<input type="checkbox"/>	<input type="checkbox"/>
j.	Was the assignments you made similar to the Model Responses? (Remember, there are multiple correct ways to assign the resources.)	<input type="checkbox"/>	<input type="checkbox"/>
k.	Did you review the Central City Profile for information to complete the ICS 205?	<input type="checkbox"/>	<input type="checkbox"/>
l.	Did you use ICS Form 211 to account for each resource as it arrived on scene?	<input type="checkbox"/>	<input type="checkbox"/>

---

**EVACUATIONS**

---

<b>Response Item</b>		<b>Yes</b>	<b>No</b>
m.	Did you complete individual ICS Form 204 for the resource assignments for each division and branch?	<input type="checkbox"/>	<input type="checkbox"/>
n.	Did you complete an ICS Form 201 for the incident?	<input type="checkbox"/>	<input type="checkbox"/>
i.	Did it include:		
	1. Map(s) showing the relevant locations for each of the Nursing Homes?	<input type="checkbox"/>	<input type="checkbox"/>
	2. Incident Objectives and Actions?	<input type="checkbox"/>	<input type="checkbox"/>
	3. Final ICS Organizational Chart?	<input type="checkbox"/>	<input type="checkbox"/>
