

Benefits available to members through FireRescue GPO and Sourcewell

[FireRescue GPO](#) is a national cooperative purchasing program created by the fire service in 2002 and is now part of Sourcewell, one of the largest government cooperative purchasing programs in North America. Your fire chiefs association has created a partnership to deliver this benefit directly to you!

[Sourcewell offers over 450 competitively awarded contracts](#) created through a government solicitation process designed to satisfy your procurement requirements. Purchasing with a cooperative contract saves you time in the procurement process and makes it easier to get the products and services you want. These contracts are usually available through your local dealer or representative.

There is no cost to participate, and because there are already over 50,000 government agencies using Sourcewell contracts, you may already be

registered with Sourcewell!

Contract categories include:

- Ambulances
- Fire Apparatus
- Firefighting Equipment
- SCBA and Turnout Gear
- Fleet Vehicles & Products
- Public Safety Video Surveillance
- Wireless Voice & Data Services
- Public Safety Hardware and Software Solutions

When you use a FireRescue GPO/Sourcewell contract you are also generating revenue that supports your fire chiefs association.
