

FIRST RESPONDERS CYBER EXERCISE

8 A.M.-5 P.M.
AUGUST 31ST, 2017

Direct T.V. | 161 Inverness Dr West | Englewood CO 80112

Cyber threats are REAL. It's not IF, but WHEN.

Cyber threats are real and they are here to stay. First responders and public safety industry can be incredibly vulnerable. We are at a critical point in time for first responders to become cyber threat aware and cybersecurity educated.

Major cybersecurity threats are everywhere, join the NCC as we build a first responder cybersecurity community and learn how identify cyber vulnerabilities and to protect your agency against cybercrime through critical infrastructure and risk management.

 **cyber aware**  **cyber protected**  **cyber educated**
